### Discussion Questions

*Feel free to choose what questions will be most helpful to your group to grow in their understanding of the Scripture and faithfully apply it to their lives.*

Read 2 Kings 7:1-20

1. In vv. 1-11 we see the four lepers experiencing the grace of the Lord and then feeling compelled to share it.

a. How have you experienced the saving grace of the Lord? In what aspects of your testimony do you see the grace of the Lord most clearly and profoundly?

2. Next, we see that despite the fact that the king had already heard God's word through the prophet that God would provide miraculously for their deliverance (vv. 1-2), the king is still skeptical and reluctant to respond with faith to the announcement of good news. Instead, he is fearful and mistrusting.

a. What fear(s) keep you from trusting in the good grace that you have received from the Lord and being willing to them share it with others?

3. The judgment that comes upon the unbelieving commander is a stark reminder of the fact that God's word will come to pass, and that for those who reject it, it will mean judgment.

a. Who are those in your life who desperately need to hear the gospel?

*Pastor Mike encouraged the congregation to take advantage of the Christmas season here and be intentional about our conversations with others, as well as inviting people to Christmas services. This is something that would probably be good to encourage people to do at this point.*

b. How can we do a better job of fostering a sense of urgency in one another?

4. Sadly, the passage ends with the example of judgment, and not with the Israelites recognizing God's gracious deliverance and then worshiping Him. Similarly, we also can enjoy the immediate benefits of God's provision and yet fail to respond with the appropriate appreciation and worship.

a. How have you learned to be more mindful and grateful for the Lord's provision and blessings in your life?

b. What is an example of a recent blessing that you have enjoyed that you need to be more thankful for?
